Subject: RE: Data submission closure timeline?

Good morning,

The reporting period for most measures end at 11:59 pm on the last day of the month following the assessment period (data collection). Reporting measure files can be submitted as often as needed until the deadline.

- The Assessment Period for Clinical Depression Screening and Follow-Up Plan is January 1, 2016 - December 31, 2016.
 - Reporting period ends January 31, 2017
- The Assessment Periods for Pain Assessment and Follow-Up Plan are: January 01, 2016 – June 30, 2016 and July 01, 2016 - December 31, 2016.
 - Reporting period ends July 31, 2016 and January 31, 2017

No database closures outside acceptable collection periods are planned at this time. CMS will share timeline modifications with the EDI data submission community if above reporting dates change in the future.

Please let me know if you have any additional questions or concerns.

Thank you,
Indre
